

# CATHEXIS PARTNERS' APPROACH TO CUSTOM SUPPORT:

- ✓ A straight forward billable rate (\$100/hr)
- ✓ One point of contact, but full team available to support client
- ✓ Scoping and support reports so there are no surprises when the bill arrives
- ✓ No engagement is too large or too small. If your org needs one hour of support, that is what we will provide!
- ✓ Example: Facebook Integration normally takes around 8 hours of support time ≈ \$800.
