Project Row WordPress CMS

The Cathexis Partner's "Project Row" WordPress CMS deployment program is an inexpensive no-hassle way to get your nonprofit an easy to maintain fresh looking website. An easy to maintain fresh looking website that YOU control!

Learn more at: cathexispartners.com/projectrow

Basic package price: $2,450

Project Includes:

- Your choice of pre-designed responsive site themes to implement your organization's online environment - you simply provide branding (logo, images, colors) and text
- Wordpress , the popular open source CMS platform
- NPO website utilization best practices
- Implementation of up to 20 pages of content
- Training and documentation to maintain and expand your site
- Integration with:
    - Salesforce.com's Nonprofit Starter Pack, Causeview and other Salesforce CRMs
    - Constant Contact, VerticalResponse, or My Emma
    - Paypal, Qgiv, Network for Good, or other existing Client donation forms
    - Social Media
    - Google Analytics

Your organization will gain knowledge to confidently:

- ✓ Take control of your website
- ✓ Manage content and conversations with your constituents
- ✓ Reduce business 'silos' and allow for multi-channel communication with your constituents
